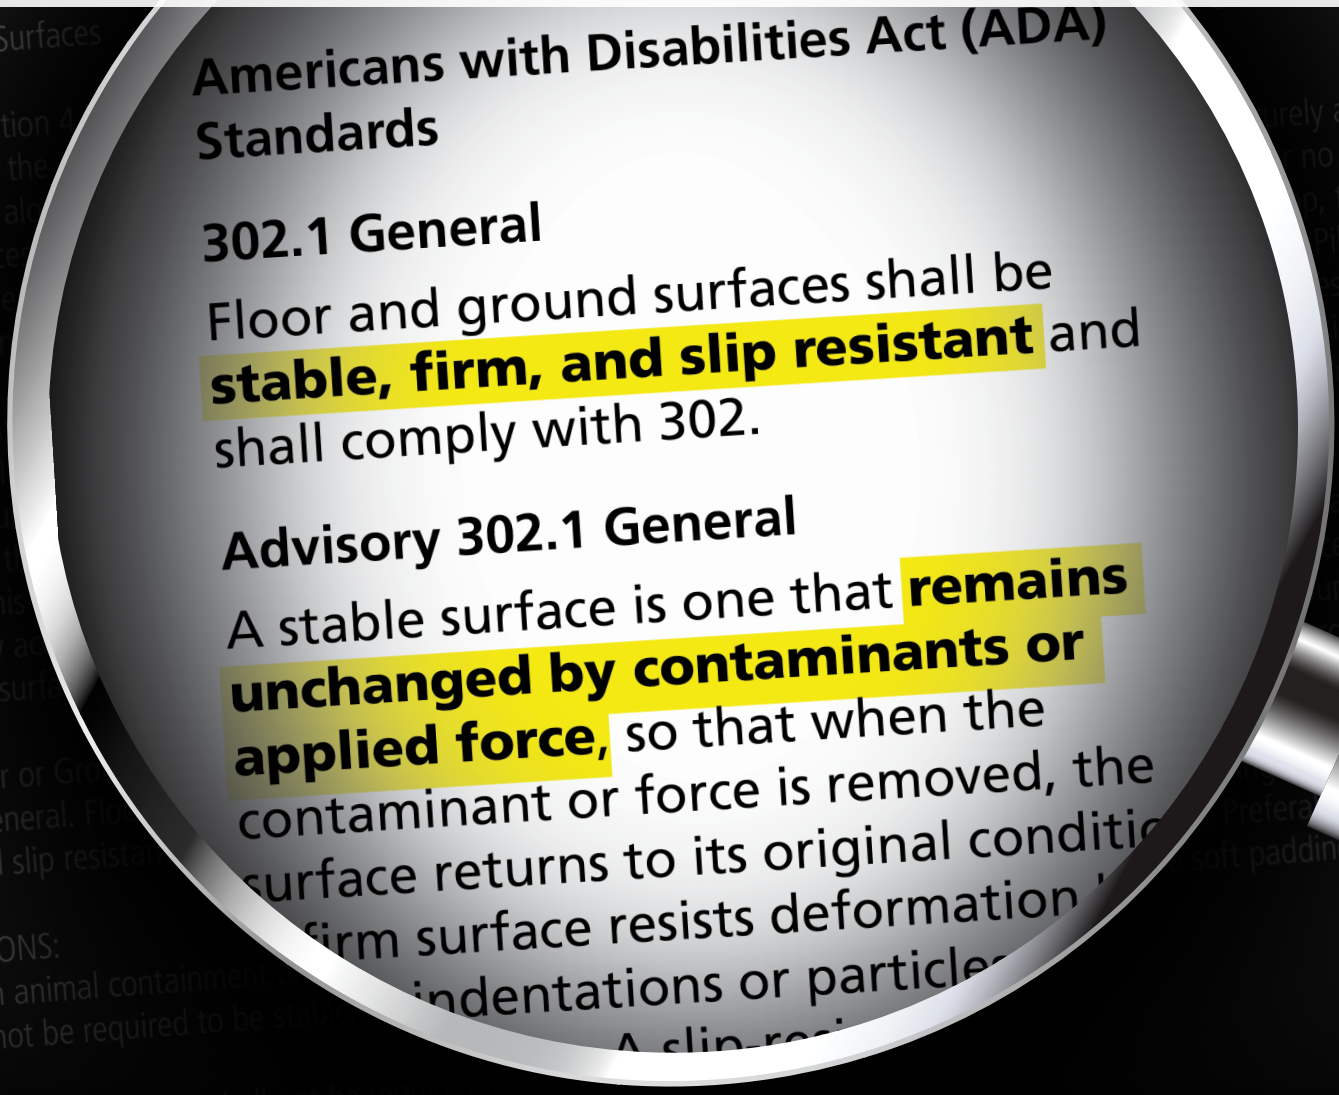
Facility Savers®

CLEANER. SAFER. BETTER. | JUNE 2025



Americans with Disabilities Act (ADA) Standards
302.1 General
Floor and ground surfaces shall be stable, firm, and slip resistant and shall comply with 302.
Advisory 302.1 General
A stable surface is one that remains unchanged by contaminants or applied force, so that when the contaminant or force is removed, the surface returns to its original

PIG FLOOR SAFETY MATS ARE ADA COMPLIANT!

A CLOSER LOOK SHOWS THAT OLD-SCHOOL MATS COULD LEAD TO ADA VIOLATIONS.

PIG ADHESIVE-BACKED GRIPPY FLOOR MAT

PIG ADHESIVE-BACKED HOOFTRAX RUNNER

Learn more inside!

The ADA requires that your floor surfaces are STABLE, FIRM and SLIP RESISTANT.

Walking surfaces must meet a list of requirements from the Americans with Disabilities Act (ADA) to minimize trip hazards and keep floors safe. And for years, facility managers have used "what everyone else used" to try and do their part. But old-school mats are known to cause more problems than they solve, and they might even be putting you at risk for ADA violations (see inside our back cover).

PIG Grippy Mat and HoofTrax Runners are perfect for the job!

Ready for a better solution? Get a grip with our adhesive-backed mats and runners, featuring proven stick-and-release technology. They always lay flat and stay flat, giving individuals with wheelchairs and walking aids the safest possible surface to navigate.

PIG Grippy Mat is best for areas where you want to absorb water and other liquids, and **PIG HoofTrax Runners** are ideal when you want traction without the absorbency. Either way, you're getting the most advanced floor safety solutions on the market — they're stable, firm and extremely slip resistant to meet and exceed ADA requirements.

40 YEARS
1985 — 2025

'98 Pigalog Throwback: Our German Shorthaired Pointing Pig never failed to find leaks, drips and spills.

Pigging out on workplace messes since 1985.

Back in '85, our founders ran a small, industrial cleaning business and needed a better way to clean up the oil leaking from machinery. They were sick and tired of dealing with clay; it was a mess to clean up the mess. After many failed experiments, they filled their wives' pantyhose with corncob — the first PIG Sock was born and the contained absorbents revolution was alive!

What's up with that funny name?

Our first product testing area was nicknamed the Pig Pen where our prototype looked like it was wallowing in slop. People kept calling them "pigs," and the name stuck. We tried to name our company "Pig Corporation," but it was already registered to a local farmer. We added "New" to our name, and the rest is history.

Made right here in Tipton, PA.

Four decades later, we're still making our own absorbents in the same small town where we started. PIG products have reached more than 300,000 facilities in over 100 countries, on all 7 continents! So give us a try — we're always happy to help you find cleaner, safer, better ways to work.

NEW PIG SERVICE GOES THE WHOLE NINE YARDS!

- **96%** of calls are answered in 3 rings or less
- **99%** of live chats are engaged within 9 seconds
- **99.4%** customer service order accuracy
- **9** ways to order: from email to EDI and more
- **99.9%** shipping accuracy on items we stock
- **99.5%** availability on Absorbents, Spill Kits and more
- **94.7%** same-day shipments (5% are special orders)

WE PIG PROMISE TO KEEP CUSTOMERS HAPPY!

Helpful Service — Get through to real people, really fast!

At New Pig, you'll never have to wade through phone menus or repeat yourself five times to a voice recognition robot. From our offices in Tipton, PA, an actual human being says *Hello* and asks how we can help! 96% of calls are answered within 3 rings and 99% of chats connect within 9 seconds.

Reliable Shipping — We bust our tails to deliver your stuff.

Thanks to our speedy warehouse crew and massive in-stock inventory, your order is shipped as fast as humanly possible. And when you order using Autoship, you'll never run out of your favorite PIG products! (*newpig.com/autoship*)

Risk-Free Shopping — Every penny back. No strings attached.

We stand behind 100% of our products, 100% of the time. So if you buy something and it's just not working out, we'll refund every single penny, including taxes and freight. We'll even schedule and pay for the return shipping!

100% MONEY-BACK GUARANTEE

GRIPPY MATS

WHERE WILL YOU STICK IT?

John B.
— Product Developer

Get a grip with our adhesive-backed mats and runners!

Grippy Mat — the world's first
Our exclusive adhesive is formulated to perform in the wettest conditions and will never disintegrate, delaminate or leave a gooey mess to clean up.

The right amount of stick
Proven stick-and-release technology keeps mats in place without shifting but pulls up easily without leaving residue.

Easy cleaning
It's the only adhesive that stands up to heavy traffic and deep cleaning with a mop, floor scrubber or carpet extractor.

★ ★ ★ ★ ★

"I can't express how amazing this product is. It goes down easily and stays down perfectly, creating a safe environment."

— Candy, Happy Customer

PIG GRIPPY MATS	vs	RUBBER-BACKED MATS
✔ STAY IN PLACE		✖ SHIFT AROUND
✔ ALWAYS LAYS FLAT		✖ BUNCH & RIPPLE
✔ HIGHLY ABSORBENT		✖ LIQUID PUDDLES ON TOP
✔ EASY TO CLEAN		✖ LAUNDERING FEES
✔ CONTINUOUS COVERAGE		✖ GAPS & OVERLAPS

PIG Adhesive-Backed Grippy Mat is 100% guaranteed to perform! With so many advantages over rubber-backed mats, the only question is: *Where will you stick it?*

ASK THE EXPERTS

From product support to regulatory compliance, our team is here to help you find cleaner, safer, better ways to work.

New Pig Adhesive-Backed Mat Notice: New Pig Adhesive-Backed Mats are formulated to work with most common hard-floor surfaces. New Pig Adhesive-Backed Mats are not intended for use on wood flooring with stains, finishes, or coatings. New Pig Adhesive-Backed Mats have non-permeable barrier layers to prevent liquid pass-through & as such, are considered to be non-breathable & may not be suitable for use on surfaces that require air curing, including, but not limited to, newly poured concrete or recently applied coatings, sealants & finishes. All adhesive mats have some potential to leave residue, lift and/or discolor 1) surface finish, 2) surface coating, 3) paint, 4) loose or pre-damaged tiles. For these reasons & others, if you have questions about the suitability of New Pig Adhesive-Backed Mats for your application, test a small section of mat in a discreet or non-critical area before using on larger areas. New Pig Adhesive-Backed Mats are designed for use for up to 3–6 months in commercial and general public environments, depending on conditions & traffic patterns. Regardless, New Pig Adhesive-Backed Mats should be replaced immediately if they show signs of wear or damage & should always be replaced in commercial and general public environments no later than 6 months after installation.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE & NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE ON CUSTOMER'S FLOORING OR ANY OTHER SURFACE. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR & CUSTOMER HEREBY RELEASES & DISCHARGES NEW PIG FROM ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO OR RELATED TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S DWELLING OR FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS & APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S DWELLING OR FACILITY.

EXCLUSIVE BENEFITS OF GRIPPY MAT

CREATES SAFE FLOORS
Stays put without shifting to add traction in entrances, walkways and other wet areas.

ENHANCES APPEARANCE
Create continuous runs without coverage gaps, overlaps or out-of-place mats for safe floors that look good.

OUTLASTS TRAFFIC
Durable mat construction withstands cart wheels and repeated foot traffic for up to 12–16 months.

FITS ANY FLOORPLAN
Customize your layout for a seamless look; Grippy Mat cuts to any size or shape for a perfect fit.

REDUCES COSTS & CLAIMS
Eliminates wasted labor while minimizing workers' comp and liability incidents from slips, trips and falls.

Safety Border Grippy Mat available at newpig.com

UP TO **91%** LOWER ENVIRONMENTAL IMPACT

ULTRA-DUTY GRIPPY MAT

Use our toughest adhesive-backed mat for your highest-traffic areas.

Put Ultra-Duty Grippy Mat to work in entrances, aisles, transition areas and walkways that see tons of traffic. From boots to forklifts to whatever, our most durable mat can handle it all. Create as much walk-off coverage as you need — without dangerous gaps or overlaps — to help keep floors dry and prevent slips, trips and falls. Ultra-Duty Grippy Mat stands up to aggressive floor care schedules, so run your vacuum, mop, broom or floor scrubber right over it.

A CLOSER LOOK

Needle punched and heat fused polypropylene delivers extreme durability. Protective layer retains liquids. Adhesive backing holds tight but peels up easily.

Stands up to 30,000+ tramplings per week!

When we say Ultra-Duty Grippy Mat is made for high-traffic areas, we're talking upwards of 30,000 people per week. This number can help you gauge which Grippy Mat you need at your facility. In addition to all that foot traffic, it's also built to hold up under heavy wheel traffic from dollies, carts and even forklifts.

★= Best-Seller

PIG CUSTOM PRINTED & LOGO GRIPPY MAT

Get Grippy Mat with custom printed logos, promotions and messaging.

Provides all the safety features and convenience of Ultra-Duty Grippy Mat (page 6), with the added benefit of high-definition custom printing. Much more affordable than putting your logo on bulky carpet mats, plus Ultra-Duty Grippy Mat gives you the flexibility to change your look and/or messaging any time you want. Printed with UL Greenguard Gold Certified ink to meet rigorous chemical emission standards. Available in standard precut mat sizes or ask about custom sizing!

State-of-the-art digital printing on a smooth, flat surface produces sharper, more detailed images. Print on carpet mats can distort over time as the pile crushes.

PIG INDUSTRIAL GRIPPY MAT

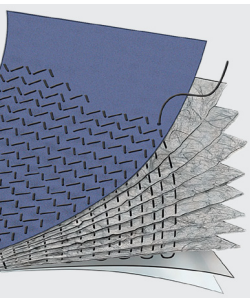
Soak up oily messes to stop slips and trips in the workplace.

An industry first invented here at New Pig!

Adhesive-backed absorbent mat stays exactly where you put it but peels up easily for quick changeouts. The top layer with zigzag stitching stands up to foot- and light-wheeled traffic. Traps oil, grease and grime while being easy to cut and apply.

It's perfect for lining areas next to and around industrial equipment and workstations or for covering workbenches.

HELPS YOU COMPLY with 29 CFR 1910.22(a)(2) for maintaining floors in a clean, dry condition



A CLOSER LOOK

PIG exclusive! Spunbond top layer and zigzag stitching add strength; fully coated adhesive backing holds tight.

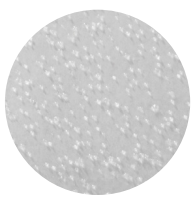
PIG HOOFTRAX WET AREA RUNNER

Add traction in wet areas where total sanitization is critical but absorbency isn't needed.

NEW! Keeping floors dry isn't always part of your gameplan, but that doesn't mean you have to sacrifice floor safety. PIG HoofTrax Runner is the perfect non-absorbent solution for wet areas that just need traction; anti-slip properties provide remediation for floors that are otherwise potential slip hazards.

Vinyl runner is easy to clean with mops and floor scrubbers, and it won't interfere with facility cleaning services. Crystal clear properties help you meet cleaning, sanitizing and hygiene standards, making it easy to inspect for dirt, mold and bacteria. Peel-and-stick application adheres to VCT, ceramic tile, laminate, marble, sealed stone and more, and when it's time to replace, the runner peels up with little to no residue left behind. Plus, it's ADA compliant for wheelchairs and walkers. Product life is up to 3 to 12 months, depending on traffic and conditions.



Sand Texture

Gritty, non-abrasive surface provides excellent traction.

ABSORBENTS

THE BEST ALL-AROUND SINCE 1985.

Chris I.
— Director of Product Operations

World's first sock: The PIG that launched an industry.

In the early '80s, our founders were working hard cleaning up grease and grime in dirty factories. The worst job was shoveling up the loose, oil-soaked cat litter around the bases of leaking machinery. The clay pellets stuck to everything, and when they started losing money on these jobs, they set out to find a better way to soak up the mess.

They cut up pantyhose and stuffed them with everything from sawdust to rice hulls. Then they laid these sausage-shaped things into pools of oil to see what would happen, but nothing worked. Finally, they tried ground corncob, and the world's first contained absorbent was born — the PIG Original Sock!

Old-school "solutions" don't work!

FLIMSY CARDBOARD

Slips and slides underfoot; even when it's taped down.

HEAVY, HAZARDOUS CLAY

Makes a mess of floors, machinery and your lungs.

CHEAP COMPETITOR MATS

Can't hold their liquids and fall apart in tough jobs.

Choose your absorbents to fit your liquids.

Our color-coded absorbents make it easy to choose the appropriate absorbent for the type of liquid you're cleaning up.

UNIVERSAL

They soak up the widest range of liquids for everyday applications including oils, coolants, water and solvents.

See pages 12–17

OIL-ONLY

PIG Oil-Only Absorbents repel water, so you can clean up fuel and oil-based spills even in outdoor applications.

See pages 18–21

WATER

PIG Water Absorbents are designed for quick-acting, higher-volume absorbency that works on contact.

See pages 22–23

HAZMAT

PIG HazMat Absorbents are specially treated to soak up acids and bases without degrading or reacting.

See pages 24–25

UNIVERSAL ABSORBENT MATS

The one absorbent mat to have if you only have one.

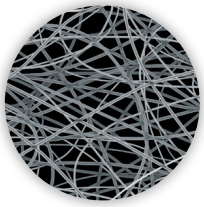
TRIED & TRUSTED
PIG Mat delivers the perfect balance of absorbency, retention and durability. When we say universal, we mean it! Our best-selling gray mat soaks up all sorts of stuff, including hydraulic oil, acetone, coolants, propylene glycol and many other noncorrosive liquids.

SAVES YOU MONEY
By staying down longer and needing fewer changeouts, PIG Mat saves you time and money. When cheaper mats can't keep up and need constant replacing, those initial "savings" go right out the window.

HELPS YOU COMPLY with 29 CFR 1910.22(a)(2) for maintaining floors in a clean, dry condition

SURROUND SPREADING SPILLS WITH ABSORBENT SOCKS. SEE PAGES 16–17.

SOAKS UP FAST
Our exclusive dimple pattern speeds up the wicking of liquid throughout the mat. Leak and spill cleanup is quick and easy.



HOLDS ITS LIQUID
Highly absorbent fine fibers trap liquids so they don't pour back out when you pick up the mat. The mess is gone for good!

LASTS 2X LONGER
Multiple layers of thermally bonded polypropylene give PIG Mat superior strength and abrasion resistance.

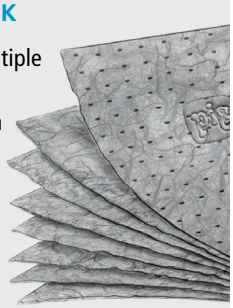
MAT240

MAT220

MAT230

A CLOSER LOOK

PIG exclusive! Multiple layers of thermally-bonded, melt-blown polypropylene make PIG Mat the toughest mat on the market.



PIG UNIVERSAL MAT PADS

PIG Mat Pads are ideal for catching drips and soaking up spills from machinery or other potentional hard-to-reach areas. Choose lightweight for small jobs and routine changeouts; mediumweight as a great general purpose mat; and heavyweight for bigger leaks and spills.

PIG BLUE MAT

Our most absorbent mat stays down longer so you use less and save money.

Pads and rolls clean up big, persistent leaks and drips. They pack more absorbency than any other mat we offer. They require fewer changeouts than standard mats which saves you time and money, and they won't fall apart, even when they're totally soaked. Put them underneath machines, generators and other hard-to-reach areas. 75% recycled fibers make them ideal in situations where green products are desired or required.

PIG HIGH-VISIBILITY ABSORBENT MAT

Can't-miss-it safety yellow mat alerts workers to potential hazards.

High-Visibility Mat is easy to see; it alerts workers to potential dangers. Multiple layers of 100% polypropylene are thermally bonded to make PIG Mat the strongest mat on the market. It won't rip, tear or fray even when fully saturated.

PIG® High-Visibility Absorbent Mat Pads

Weight	Item #	Size (W x L)	Unit (pads)	Abs. Up To	Pallet Qty.	1-2	3-6	7+

PIG ABSORBENT FLAT MOP

Mop your floors using PIG Mat with an all-in-one bundle.

NEW! Mop cleans in hard-to-reach places, such as under machines. Aluminum construction has a 360° swivel head with lockout tab and 71" telescoping extension handle. Mop base is 18" wide with riveted hook-and-loop strips to keep the absorbent in place. Select Universal or Oil-Only Absorbent Roll; absorbent refills sold separately.

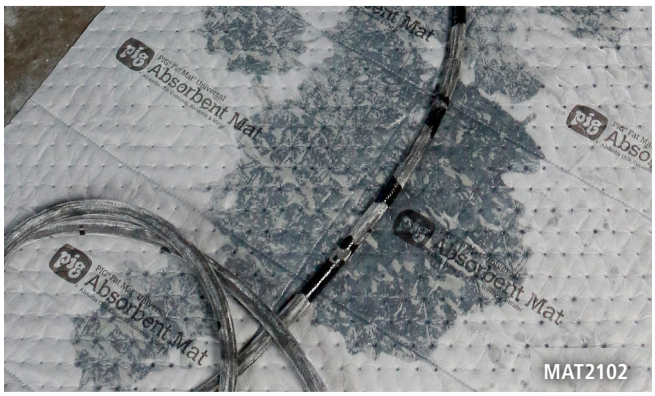
CLN736	Oil-Only Roll Refill	**$60**



PIG FAT MAT

Double-thick to absorb more and last longer.

Fat Mat has twice as many layers of 100% polypropylene as our regular PIG Mats, and those layers form one super-absorbent mat that can drink up huge volumes of liquid. Fast-wicking "diaper action" transfers liquids into the inner layers to keep moisture away from the mat surface. Tough, spunbond top layer stands up to foot traffic — it won't rip, tear or fray, even when saturated. Easy-tear perforations let you take only what you need, so you use less and save money.

MAT403

MAT401

PIG OIL-ONLY MAT

Our most cost-effective mat when you only need to absorb oil.

Absorb and retain fuels and oil-based liquids without taking in a drop of water. Durable multi-layer mat floats for skimming applications and cleaning up spills on water. White color draws attention to machine leaks and clearly shows saturation level during spill response.

Pads are ideal for catching drips and cleaning up spills, while rolls are ideal for covering large areas and soaking up overspray.

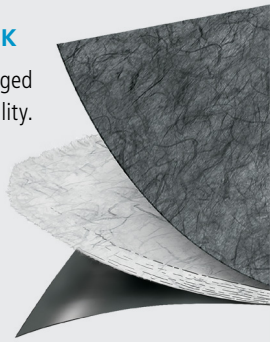
MAT467 and MAT492 have hook and loop closures on one side so you can easily attach sections together.

A CLOSER LOOK

PIG exclusive! Rugged top layer adds durability. Middle layer absorbs oils and fuels while bottom layer stops them from seeping into the ground.



MAT494

MAT444, MAT445 and MAT494 feature corner grommets and reinforced edges.

PIG OIL-ONLY ABSORBENT GROUND TARP

Durable mat absorbs oils and fuels, not water, in outdoor applications.

Heavy-duty, three-layer, UV-resistant mat ensures oily leaks and drips never reach the ground — perfect for outdoor equipment maintenance or storage.

Top layer is a tough geotextile fabric. Highly absorbent polypropylene middle layer traps oils and fuels but allows rainwater to evaporate, and bottom barrier film prevents liquids from leaching into the ground. Liquids absorb quickly for easier cleanup and the tarp won't rip, tear or fray, even when saturated. Material cuts easily with utility knife or scissors, plus it protects user while they're lying on the ground.

HELPS YOU COMPLY with SPCC and Stormwater Regulations

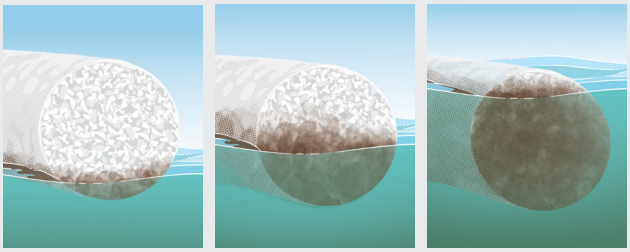
OIL-ONLY BOOMS AT WORK



Surround spill with booms. They begin to absorb oil (not water) as soon as they're in place.

As oil is absorbed, the boom sinks in the water. Oil is now exposed to fresh absorbent.

When completely saturated, the boom will "bob" just below the water's surface.

✪= Best-Seller

PIG OIL-ONLY ABSORBENT SOCK

The best outdoor sock.

Moldable UV resistant sock hugs corners and surrounds equipment bases to absorb leaks, contain puddles and help keep workers safe. The cellulose filler is 95% recycled content and hydrophobic — absorbs oil-based liquids but not water. Ideal for use on land, but also floats to clean up oil spills on water. Attached string lets socks be tied down, tied together, or dipped in noncorrosive wash baths.

WTR001

PIG ABSORB-&-LOCK STRIPS AND PADS

Low-profile absorbents swell up to pull in high volumes of water.

Absorbed water is "locked" inside; it won't run out when you pick up or dispose, even when fully saturated. Super Absorbent Polymer (SAP) filler swells on contact and expands to pull in large volumes of water quickly, so they're great for sewage and restroom backups and overflows.

WTR002

Strips and pads (before water contact) are low-profile to fit tight spaces but once they expand, they create a barrier to help prevent leaks from escaping and spreading.

WTR004

You won't believe your eyes! Strips and pads swell on contact with water to keep absorbing more.

PIG® Absorb-&-Lock™ Water Absorbent Strips & Pads

(Specify Color for WTR004: Blue Orange)

WTR006

WTR021

PIG WATER MAT

The ONE mat to stock for cleaning up water problems.

PIG Water Mat has superfast wicking that helps you quickly eliminate puddles to prevent damage, slips and falls.

Be prepared to soak up water that comes in from roof leaks and seepage through doors and docks, cracked foundations or open windows. Absorb excess water in food service, food processing and other critical areas where standing water is prevalent. And deal with water from maintenance and system breakdowns, including burst or leaking pipes, broken hoses, leaking equipment and cleanouts.

Wring and re-use during a single water spill cleanup, then dispose. Cleaner than dirty mops, rags and towels, which can recontaminate floors by spreading bacteria, mold and odors.

WTR006

WTR008

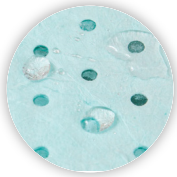
HAZMAT ABSORBENTS

Soak up hazardous chemicals — even highly concentrated corrosives.

PIG HazMat Absorbents soak up the widest range of acids, bases, corrosives and chemicals — even those with high concentrations like 98% sulfuric acid and 30% sodium hydroxide. Great for use in chemical storage areas, around dip tanks, in cleaning agents used in food processing plants, in boiler rooms, labs, and R&D departments. High-viz pink color is designated for hazardous chemicals and is easy to identify.

OURS
PIG HazMat completely absorbs 98% sulfuric acid.



THEIRS
Highly concentrated corrosives just puddle on top.

"I work for a chemical delivery company, and we must be prepared for spills at all times with special pads and socks. New Pig has the best products hands down, and we never worry if they're going to work. All the area fire departments also use PIG products."

— Cory, MAT354 Customer

PIG HAZMAT SOCKS

Chemical-resistant polypropylene won't degrade or cause a dangerous reaction upon contact with corrosive spills, and the skin resists tearing while holding in liquid. Excellent for quickly diking and stopping the spread of chemical spills.

WIP444

ONLY $25 FOR 50 WIPERS

Unbeatable value!

Some brands give you half-filled boxes to look good on a shelf, but our ShopReady Wipers are stuffed to the max — you get 50 per box!

PIG SHOPREADY DISPOSABLE MICROFIBER WIPER

We've never met a tougher microfiber wiper!

NEW! When you hear microfiber, you probably think of cleaning, polishing and other light-duty tasks. That's about to change! Our ShopReady wipers are ideal for wiping unfinished cast iron, gears, burred edges, and other rough surfaces in a wide variety of applications.

ShopReady wipers won't bleed out or contaminate clean surfaces, whether you're using them wet or dry. Our wipers feature exact cut edges to eliminate fraying, shedding and unraveling, plus they're more durable, lower linting and have better retention compared to red shop towels. Available in four colors for color-coding the different processes at your facility.

Visit newpig.com to see new sizes and rolls.

SPILL KITS

IT'S WHAT'S INSIDE THAT COUNTS.

Carolyn I. — Lab Manager

Top 3 things that separate PIG Spill Kits from the pack:

1. **World's #1 Absorbents inside**
   PIG Mats, Socks, Pillows and Loose are the best you can buy — found exclusively in PIG Spill Kits.
2. **Filled for fast response**
   We pack our kits in the order you need the contents, so there's no dumping or digging required!
3. **Biggest selection anywhere**
   From UN Rated salvage drums to grab-and-go bag kits, you'll find a Spill Kit that's a perfect fit.

The supplies you need first are right on top and easy to access.

Choose a Kit based on the liquids at your facility:

UNIVERSAL

For everyday cleanup of oils, coolants, solvents and water.

Pages 28–31

OIL-ONLY

Repels water so you can absorb oils and fuels, even in rain or on water.

Pages 32–33

HAZMAT

Specially treated to soak up highly concentrated acids and bases.

Pages 34–37

PIG SPILL KITS HELP YOU COMPLY

SPCC 40 CFR 112.7

Facilities must have written plans and documentation of the products that are in place to prevent discharge of oil into waters.

STORMWATER 40 CFR 122.26

Facilities with an SWPPP must describe the plan and equipment available to prevent illegal discharge of pollutants into waterways.

HAZWOPER 29 CFR 1910.120 (j)(1)(vii)

Requires spill responders to have "DOT specified salvage drums or containers and suitable quantities of proper absorbents," in areas where spills may occur.

KIT202

KIT211

KIT202
Ship leaking drums or used absorbents from a spill cleanup in our UN Rated overpacks.

PIG SPILL KIT IN OVERPACK SALVAGE DRUM

Strong enough to earn a UN Rating for shipping spill cleanup waste.

Clean up spills and then ship the waste in these durable overpack salvage drums. X-rated for Packing Groups I, II and III for shipping by land, sea or rail. Leakproof, twist-on lid is notched for easy removal or tightening with a 2x4 or pole. Molded ledges make container easy to move by forklift.

PIG Absorbents are packed in lift-out baskets (50-, 65-, and 95-gallon kits only) to provide speedy access and block damaging UV rays. Tamperproof seals help prevent pilfering of spill response supplies.

HELPS YOU COMPLY with regulations listed on page 27.

NOTE: A PIG Overpack Protection Cover (sold separately) is suggested for outdoor storage. See page 37.

PIG SPILL CADDY

Swing-out doors and flip-top lid offer instant access to spill supplies.

Wheel these caddies to large spills or use them as highly visible central stations for absorbents and spill supplies. Swing-out doors, prepacked shelves and compartments make carts easy to inventory and access. The only kits that hold a mounted roll of PIG Mat for easy pull-and-tear dispensing. Narrow enough to fit through most aisles and doorways.

Choose standard Caddy or step up to the Big Daddy — almost 2X larger and absorbs over 2X more!

NOTE: Not for outdoor storage unless a protection cover is installed. See page 37.

ATTENTION: Independent testing indicates that PIG HazMat products are compatible with and absorb most acids and bases. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG HazMat products prior to purchase. To ensure safety when using PPE, please consult chemical compatibility guide(s) to determine if PPE is compatible with your chemicals and fluids, or ensure compatibility with chemical manufacturer. If you have any questions or need samples to test, please call us toll free at 1-800-HOT-HOGS.

BUILD-A-BERM BARRIER

Configure a barrier of any size or shape to fit your leak-prone areas.

Contain leaks and spills around your machinery without building expensive concrete curbs or installing angle iron. You can create a custom semi-permanent barrier that's exactly the size and shape you need, indoors or out. Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment. Durable all-vinyl covering resists oils, coolants and most chemicals. High-visibility barrier draws attention for increased safety.

HELPS YOU COMPLY with SPCC and Stormwater Regulations

★ ★ ★ ★ ★

"We have installed this Build-A-Berm kit in order to contain paint. The ease of being able to drive over it, and put pallets of paint in the locations makes it a great product. I would highly recommend this to any company trying to fulfill regulations and even just for the ease of use."

— Andrew, Build-A-Berm Customer

PIG DRAINBLOCKER DRAIN COVER

Super-sealing covers go down fast so liquids can't pass.

Long-lasting design is great for outdoor deployment without worrying about degradation. Top layer resists stretching, ripping, UV rays and infrared light while diesel-compatible materials withstand prolonged exposure to diesel fuels and gasoline. Tacky bottom layer forms a complete seal around your drain, and when you need drain access again, they pull off easily for cleaning, storage and redeployment.

HELPS YOU COMPLY with 40 CFR 112.7 SPCC Regulations

HELPS YOU COMPLY with 40 CFR 122.26 Stormwater Regs

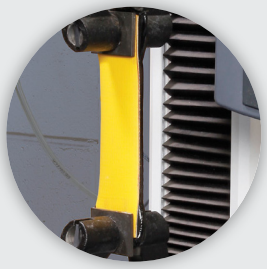
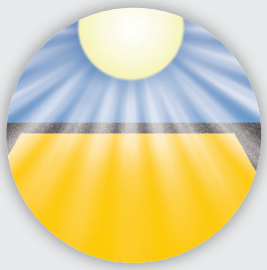
TEAR RESISTANT

Tougher than standard covers to resist ripping.



UV & IR RESISTANT

Let the sun shine — this cover is made for outdoor use.



CHEMICAL RESISTANT

Stands up to long-term hydrocarbon exposure.

STORMWATER

WHO YOU GONNA CALL? STAIN BUSTERS!

Chris F.
— Product Manager

Why comply with Stormwater Regs?

Noncompliance with the EPA's Stormwater Regulations can result in hassles, headaches and even fines. If that's not enough reason to comply, protecting the environment also makes a positive statement toward being a good corporate citizen.

Does your facility need a Stormwater Plan? New Pig can help you choose the best products to get into compliance. Call our Technical Specialists at 1-800-HOT-HOGS for expert advice!

★ ★ ★ ★ ★

"If you have drains, and you have chemicals, you should have these."

— Shawn,
PIG Drain Filter Customer

HELPS YOU COMPLY

SPCC 40 CFR 112.7

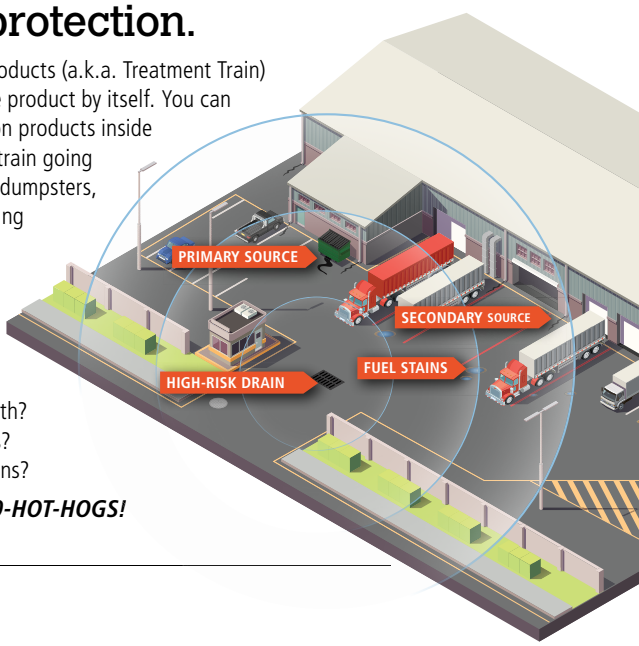
Facilities must have written plans and documentation of the products that are in place to prevent discharge of oil into waters.

STORMWATER 40 CFR 122.26

Facilities with an SWPPP must describe the plan and equipment available to prevent illegal discharge of pollutants into waterways.

New Pig has every solution for source-to-drain protection.

Using a combination of stormwater products (a.k.a. Treatment Train) removes more pollutants than any one product by itself. You can maximize clean discharge with filtration products inside and above your drains, then keep the train going with more products at the source (i.e. dumpsters, downspouts and parking lots). Capturing contaminants before they enter runoff confines the problem and extends the life of your products.



As you're choosing, ask yourself these questions:

- What contaminants am I dealing with?
- What are my drain sizes and shapes?
- What's traffic flow like near my drains?

Need help? Call the experts at ***1-800-HOT-HOGS!***

Magnets on underside make installation and removal a breeze!

PIG COIR STORM DRAIN FILTER WITH MAGNETS

Magnets hold this filter in place for easy installation and removal.

NEW! Easily place in just seconds using the integrated magnetic strips on the underside. Natural coconut fibers are densely woven and vertically oriented to maximize sediment removal and flow rate, plus filter can be rinsed and reinstalled for extended use. Overflow port helps minimize backed up water during high-flow storm events.

HELPS YOU COMPLY with 40 CFR 122.26 when used as a BMP in a Stormwater Pollution Prevention Plan

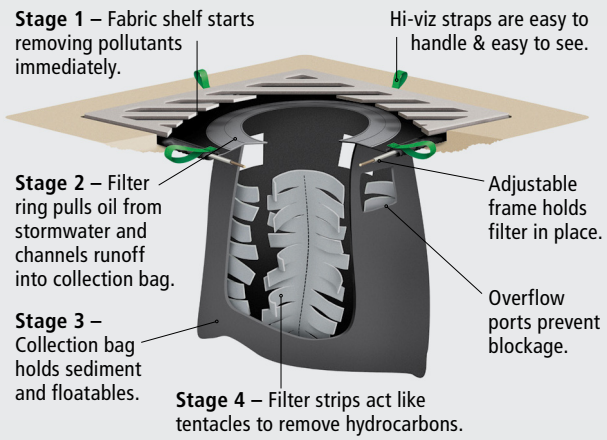
A LOOK INSIDE OUR STORM DRAIN FILTER



Stage 1 – Fabric shelf starts removing pollutants immediately.
Hi-viz straps are easy to handle & easy to see.
Stage 2 – Filter ring pulls oil from stormwater and channels runoff into collection bag.
Adjustable frame holds filter in place.
Overflow ports prevent blockage.
Stage 3 – Collection bag holds sediment and floatables.
Stage 4 – Filter strips act like tentacles to remove hydrocarbons.

Oils, fuels, sediment and floatables version shown above. Sediment and floatables versions don't have filter strips.

PIG ADJUSTABLE FRAME STORM DRAIN FILTER

No matter what shape or size your storm drain is, we have a filter for it!

Steel frame can be expanded or contracted to perfectly fit your drain, and it stays put even when the grate isn't installed. The frame adds strength and secures the filter in place, so you'll never have to fish out a failed insert again!

Heavy-duty lifting straps allow easy handling, and they serve as a visual reminder for on-site maintenance. Installation, maintenance and removal are easy, one-person jobs to reduce your labor costs. Visit newpig.com to see more sizes and shapes of these filters, and the frameless version.

HELPS YOU COMPLY with 40 CFR 122.26 Stormwater Regulations

Hi-viz straps show from a distance that you're proactively managing stormwater.

PIG ADJUSTABLE STORM DRAIN FRAME WITH REPLACEABLE FILTERS

Keep the frame in your drain and just replace the filter — sizes & styles for every application.

NEW! Filter replacement is an easy, one-person job, plus you save money because you're not disposing of the entire drain insert. Coated-steel adjustable frame adds strength and secures system in place, so you'll never have to fish out a failed insert again; stays in place even when grate is not installed. Replaceable Filters feature a heavy-duty lifting strap for easy changeouts. Hi-viz straps help inspectors see from a distance, even with grate in place, that you're proactively managing your stormwater. Overflow ports minimize water backup, and patented filter ring channels water to center of filter.

FLT718

FLT787
Overlap socks to cover longer distances — no staking or trenching required.

PIG STORMWATER FILTER SOCK

Easy and affordable ways to filter contaminants from runoff.

These socks won't grow mold like compost, nor will they release harmful compounds into the water supply like rubber media. The strong but flexible outer skin allows water to flow through while the filter media removes pollutants. They're perfect for use on uneven surfaces like rough terrain or broken asphalt.

- FLT786–FLT787 feature a natural, recycled, shelf-stable media that filters sediment and floatables
- FLT710–FLT711 remove sediment, oil, fuels and floatables using parboiled, oven-dried rice hulls as the inner material
- FLT717–FLT718 have the rice hull filler plus activated carbon and zeolite; they remove heavy metals like copper, lead and zinc in addition to sediment, oil, fuels and floatables

DID YOU KNOW?

95% OF STORM DRAINS ARE AT RISK FOR OIL SHEEN RELEASE.

From rigs leaking oil to garbage trucks blowing hydraulics, your parking lots catch it all. Those stains throw off oily sheens every time it rains, sending polluted runoff into your drains.

Data provided by our patented Spill Risk Algorithm.

PIG STORMWATER DUAL-CHAMBER FILTER SOCK

Surround drains to stop pollutants.

Filter sock allows water to pass through as it removes oil, sediment, trash, debris and other pollutants from stormwater runoff. Patented dual-chamber design: first chamber's filler pulls in hydrocarbons; second chamber is filled with stone ballast. Flexible design follows the contours of uneven ground for max surface contact. Handles make socks easy to carry, install, resposition and replace.

PIG BIOREMEDIATION

Eliminate oils and fuels without harming the environment!

PIG Bioremediation Products are specifically designed to clean up oils, fuels and grease without leaving harmful byproducts in the environment. BioBreaker™ microbes digest the hydrocarbons and convert them into water and harmless gases, so no containment or cleanup is required. Other cleaners and degreasers can't be allowed to enter waterways or groundwater systems — check Section 6 of their SDS to see the warning!

PIG MICROBIAL OIL STAIN REMOVER

Gradually remove oil and fuel stains from pavement and concrete to eliminate rain runoff and sheen emissions. Apply with a manual sprayer and light agitation or a pressure washer. Dilute 1:15. Great for use in parking lots and around docks, dumpsters, compactors, stockpiles and more.

TRIPLE AWARD WINNER!

CLN888

PIG MICROBIAL OIL REMEDIATOR FOR SOIL, GRASS AND WATER

Remove oil and fuel from soil, grass and water to eliminate rain runoff. Must be diluted 1:10; each diluted gallon remediates approximately one cubic yard of soil or 200 gallons of water.

CLN935

PIG OIL REMEDIATOR FOR SOIL, GRASS AND WATER

Enzymes in the liquid act as "food" for microbes that occur naturally in the environment. Simply spray onto oil spills — no dilution necessary.

NOTE: Does not contain microbes.

CLN951

PIG MICROBIAL OIL REMEDIATOR FOR GREASE TRAPS

Digests grease, fats and organic wastes that accumulate in grease traps and drain lines to prevent backups and overflows. Also helps to reduce the need to pump grease traps and reduces odors associated with maintenance of traps.

CLN962

ADDITIONAL SIZES & STYLES AVAILABLE AT NEWPIG.COM

THE PIG DIFFERENCE

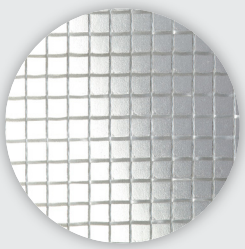
PIG Leak Diverters are engineered to outperform cheap tarp-and-hose contraptions:

EASIER, SECURE HANGING

Multiple grommet points help maintain funnel shape.

STRONGER MATERIALS

No sagging or drooping so water won't spill over.



BETTER SHAPE FOR MAX FLOW

Pinched corners direct water flow to center of tarp.

PIG UMBRELLA-STYLE LEAK DIVERTER KIT

Pop open the fastest solution you can buy to catch a roof leak.

Hang the hook from a single point near the leak, pull off the cover and it opens like an umbrella. All-in-one kit is perfect for quick response to prevent damage to inventory or machinery and to avoid slip hazards.

Flexible 10'L PVC drain hose included with TLS461 or 25'L hose included with TLS903 channels leaks to a floor drain or collection container. ¾" drain fitting accepts longer hoses. Nonpermeable tarp is vinyl coated for strength and durability; it resists punctures, UV and mildew to last multiple deployments. Tapered sides help funnel liquid toward center for better drainage. Three colors available: yellow draws attention; clear shows liquids and lets light pass through; translucent shows liquids and blends in with white ceilings.

EXCLUSIVE pig PRODUCT

PIG® Umbrella-Style Roof Leak Diverter Tarp Kit

PIG HIGH REACH ROOF LEAK DIVERTER TARP KIT

Here's a solution when you can't hang a diverter from the ceiling.

Quickly route small leaks from high ceilings in hard to reach areas. Diverter captures drips from ceilings up to 15' high without risk of splash-out; use included mat pad to catch splashes from ceilings higher than 15'. Adjustable telescoping pole allows easy installation without the need for a ladder. Included pail has a removable plug to allow the drainage hose to be inserted without removing the lid.

Adjustable pole breaks down to just over 4 ft.

PIG® High Reach Roof Leak Diverter Tarp Kit		
Item #	1-4	5+
TLS820 • 27" W x 35"L x 12"H • Telescopes up to 9'H	**$415**	**$395** *

PIG FLOOR PROTECTION COVERINGS

From painting to total demo, PIG's got the perfect protection for your floor.

Construction, renovations, and other maintenance jobs can involve demolition, hanging drywall, painting and many other tasks that make a real mess. So what can you do to protect your floors while all that's going on? Use PIG Floor Protection Coverings!

There are three levels of protection to choose from, plus options for hard floors and carpet. Some are absorbent and some aren't, so we've got you covered (pun intended!) no matter what type of work is being done.

PIG Floor Protection Coverings offer better protection and last longer than other methods. The self-adhesive versions (all except FLM9006) stay exactly where you put them without shifting or bunching. You can't say the same about kraft paper, drop cloths and other "old-school" solutions, so make the switch to PIG.

PIG® Floor Protection Coverings

New Pig Adhesive-Backed Mat Notice: New Pig Adhesive-Backed Mats are formulated to work with most common hard-floor surfaces. New Pig Adhesive-Backed Mats are not intended for use on wood flooring with stains, finishes, or coatings. New Pig Adhesive-Backed Mats have non-permeable barrier layers to prevent liquid pass-through & as such, are considered to be non-breathable & may not be suitable for use on surfaces that require air curing, including, but not limited to, newly poured concrete or recently applied coatings, sealants & finishes. All adhesive mats have some potential to leave residue, lift and/or discolor 1) surface finish, 2) surface coating, 3) paint, 4) loose or pre-damaged tiles. For these reasons & others, if you have questions about the suitability of New Pig Adhesive-Backed Mats for your application, test a small section of mat in a discreet or non-critical area before using on larger areas. New Pig Adhesive-Backed Mats are designed for use for up to 3–6 months in commercial and general public environments, depending on conditions & traffic patterns. Regardless, New Pig Adhesive-Backed Mats should be replaced immediately if they show signs of wear or damage & should always be replaced in commercial and general public environments no later than 6 months after installation.

CUSTOMER ASSUMES THE RISK THAT A NEW PIG ADHESIVE-BACKED MAT MAY DAMAGE OR ALTER CUSTOMER'S EXISTING FLOORING OR FLOOR COVERING. NEW PIG PROVIDES NO WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE & NO WARRANTY THAT THE USE OF AN ADHESIVE-BACKED MAT WILL BE ACCEPTABLE FOR USE ON CUSTOMER'S FLOORING OR ANY OTHER SURFACE. NEW PIG SHALL HAVE NO RESPONSIBILITY FOR & CUSTOMER HEREBY RELEASES & DISCHARGES NEW PIG FROM ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES TO OR RELATED TO CUSTOMER'S FLOORS, FLOORING MATERIAL, OR ANY OTHER SURFACES IN CUSTOMER'S DWELLING OR FACILITY. CUSTOMER IS SOLELY RESPONSIBLE FOR DETERMINING THE FITNESS & APPROPRIATENESS OF THE USE OF A NEW PIG ADHESIVE-BACKED MAT IN CUSTOMER'S DWELLING OR FACILITY.

PIG ULTRA-DUTY SELF-ADHESIVE FLOOR PROTECTION COVERING

Sticks to hard floors and stays put while you broom or vacuum over it. Durable enough to be left in place up to six months. Highly absorbent material provides excellent traction.

FLM9004

PIG HEAVY-DUTY REUSABLE FLOOR PROTECTION COVERING

Non-adhesive covering won't damage sensitive floors and can be reused multiple times. Absorbent top soaks up spills and splashes while poly backing stops absorbed liquids from getting through to floor.

FLM9006

PIG CARPET & FLOOR SELF-ADHESIVE FILM

Liquidproof, puncture-resistant, temporary protection that can be left in place up to four weeks. Carpet Film is clear; Floor Film is green.

Introducing PIG TuffGrit Mats

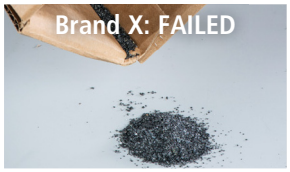
Nothing comes close to the long-lasting traction of PIG TuffGrit Mats.

Tired of grit coatings that wear thin, go bald and lose their grip? Our new line of high-traction TuffGrit Anti-Fatigue Mats and Anti-Slip Runners are built to outlast the competition, and we've got the testing to prove it.

We ran head-to-head tests against the leading competitors' mats, and the results are *tuff* to argue with. Look below to get the nitty gritty on how they performed.

GRIT-IN-THE-BOX TEST

We dumped the shipping containers for TuffGrit Drainage Mat and the leading competitor to see what fell out…



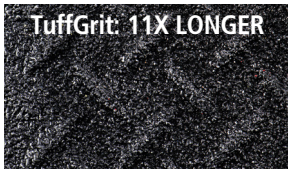
The grit that's supposed to be keeping you safe doesn't stay on the mat.

Almost all our grit stays on the mat, which helps you stay on your feet.

RECIPROCAL ABRASION TEST

We tested TuffGrit Diamond Plate Mat and the leading competitor on our Abrasion Testing Machine…

Their grit was gone and raw rubber was exposed after just 7,400 passes.



We stopped the test after 82,000 passes and still no signs of wear!

PIG TUFFGRIT DIAMOND PLATE ANTI-FATIGUE MAT

We just raised the bar for non-slip anti-fatigue mats.

Some mats give you grit, some give you a diamond plate texture — this mat doubles down on safety with both! Our TuffGrit™ coating lasts *eleven times longer* than the leading competitor's grit coating in dry environments, and *seven times longer* under oily conditions. Plus, it's engineered to leave no grit behind, making it safer than other mats that lose their grit.

Exceeds ANSI standards for high slip resistance, even in wet areas and applications with light overspray or oily drips (not for use in standing water/oil). More than a half inch of PVC foam relieves stress on knees, feet, ankles and back from extended standing.

For use in areas with light splashes of water, oil, grease and chemicals.

PIG® TuffGrit Diamond Plate Anti-Fatigue Mat

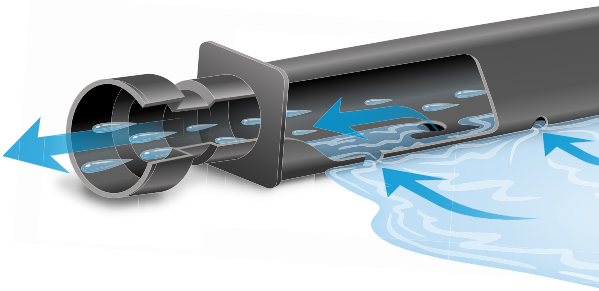
PIG SILICONE WATER VACUUM BARRIER

Attach to your wet/dry vac to contain and capture water at the same time.

Cleaning up large volumes of water from routine washdowns and minor flooding just got easier! Place this barrier on the floor, attach to your wet/dry vac, then squeegee water toward it. Works with most standard wet/dry vacs — no special equipment needed. Directing water toward this 6' long barrier is easier than trying to guide it to a floor drain or pump, and it provides a backstop to prevent water from going where you don't want it to.

This barrier eliminates the hassle of priming a pump or having a pump motor fail from dry running. It's reusable and cleans easily with soap and water, so it's perfect for hospitals, schools, property management and much more.

Water is drawn into side and bottom ports, then out to your vacuum.



PIG® Silicone Water Vacuum Barrier	
Item #	1+
WTR052 • 4"W x 6'L x 2.25"H • 1/box	**$199**

PIG WATER-ACTIVATED FLOOD BAGS AND BARRIERS

Dam floodwater for quick protection.

These sandbag alternatives are lightweight, compact and easy to handle prior to activation; place in flood-prone areas when you know water is coming. They contain super absorbent polymer that swells on contact with water to form a solid, heavy barrier.

Flood Bags can be stacked up to three rows high; build even higher retaining walls by using a pyramid layout.

Longer Flood Barriers are designed to stop water in front of entrances and dock doors. Built-in wedge design helps prevent barriers from rolling out of place. Available in three lengths to fit your needs.

PIG® Water-Activated Flood Bag	
Item #	1+
WTR009 • 12"W x 24"L x 3.5"H • 10/bag • Abs. up to 4 gal./bag	**$65**

PIG AEROSOL SINGLE-CAN RECYCLER

Puncture aerosol cans to avoid the hassle of haz waste handling.

Why pay for haz wast disposal when you can cash in by selling properly emptied cans as scrap steel? Our recycling system easily punctures aerosol cans, rendering them exempt from haz waste regulations when properly emptied.

Recycler works with domed mini, standard and jumbo aerosol cans (minimum 2"Dia x 5"H, maximum 3"Dia x 9.5"H with sleeve removed). Unit mounts directly into 2" bung on a 30- or 55-gallon closed-head steel drum and residual liquids drain directly into the drum (drum should not be filled more than 70% full to provide proper displacement for released contents).

One-piece filter system captures odors and harmful VOC's released by punctured aerosol cans. Filter life is three months and the timestrip indicator eliminates the guesswork of changeouts.

HELPS YOU COMPLY with 40 CFR 261.1(c)(6) that defines scrap metal

PIG BURPLESS STEEL DRUM FUNNEL

Clean pouring, no splashback and one-hand latch for easy compliance.

Patented Burpless design lets you pour without having to vent through ¾" bung — a possible closed container reg violation if left open. Steel construction is FM Approved for flammable liquids when equipped with a Flame Arrestor (DRM617, sold separately at newpig.com). Lockable latching handle opens and closes lid with one hand. Nitrile gasket and locking mechanism create a vapor-tight seal.

DRM1127

HELPS YOU COMPLY with regulations listed on page 57

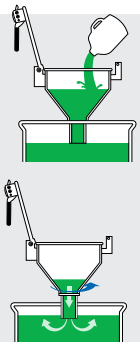
* ⚠ **WARNING:** Cancer, Birth Defects and Reproductive Harm - www.P65Warnings.ca.gov

Patent 5,676,185

HOW AN OVERFILL PREVENTER WORKS (DRM1127 ONLY):

When liquid level reaches bottom of preventer, funnel stops draining and starts to fill up. Trapped air stops liquid from rising. To empty, twist funnel and preventer counter-clockwise and lift to drain contents into remaining airspace.



✪= Best-Seller

PIG IBC TOTE FULL-TOP FUNNEL

Easy-reach funnel completely covers the top of your IBC.

NEW! Molded-in ridges keep funnel in place; fits 275- and 330-gallon totes with centered openings from 4" to 6". Level ridges run across a sloped surface for easy draining of containers, parts or filters while double-wall polyethylene construction resists UV rays, corrosion and most chemicals. Need to filter large debris from the liquid you're pouring? Just add our disposable filter pads (one included with funnel; replacements sold separately).

Leave filters and containers to drain while you complete other tasks.

PIG® Poly IBC Tote Full-Top Funnel			
Item #	Size	1-4	5+

PIG LATCHING DRUM LIDS

One-hand access makes it easy to meet haz waste regulations.

Latching Drum Lids open and close with one hand, freeing up your other hand to add waste — no nuts, no bolts, no fuss! Nitrile gasket and locking mechanism seal lid to help reduce vapor emissions and keep drum contents dry and secure. Latching Lid with Fast-Latch Ring (DRM1072) makes initial installation and removal faster and easier.

DRM659

HELPS YOU COMPLY with 40 CFR 264.1086(c)(1)(ii) requiring haz waste containers to be sealed to prevent VOC emissions

HELPS YOU COMPLY with 40 CFR 262.16(b)(2)(iii) and 262.17(a)(1)(iv) requiring haz waste containers to be kept closed

WASTE OIL TANK

Store up to 500 gallons of waste oil.

Bulk capacity eliminates small containers and centralizes waste oil storage. Double-wall, 10-gauge steel construction withstands impact and provides leak-tested containment. Durable powder coating resists chipping, rust and corrosion. Generous 10" diameter fill hole features a lockable hatch and debris screen while 2" vent helps prevent pressure buildup.

NOTE: Not intended to be used as storage for new oil.

PIG POLY DRIP DECK

Low-profile deck is easy to load & unload. Guaranteed for life.

How are Decks different from Pallets? *Decks are best when: you're storing drums of non-hazardous liquids; you need to store smaller containers in full compliance; or you need low-profile easy access.*

PIG Poly Decks are built PIG-tough but have smaller sump capacities. Molded-in sump catches leaks, drips and spills to keep storage areas clean, plus the low-profile design provides easy access to pumps and funnels. Polyethylene construction resists UV rays, rust, corrosion and most chemicals while the textured grating adds traction and lifts out for easy sump access. Strong enough for storing steel or poly drums.

Note: See Flammables Notice below.

PIG TANK CONTAINMENT SUMP

Great for oil tanks, indoors or out.

Safely stores up to 1,000-gallon oval tanks with no measuring or guesswork required. Extra-large sump contains leaks, spills and overfills plus helps prevent groundwater contamination outdoors and slippery floors indoors. Polyethylene resists UV rays, rust, corrosion and most chemicals for a long, trouble free life. Choose either ¾" or 2" drain plug for convenient emptying; also available without drain. Use with tarp (sold separately at newpig.com) to prevent accumulation of rainwater outdoors.

Two-way forklift entry

PAK210

PIG POLY SPILL PALLETS

PIG-tough Pallets catch leaks, drips and spills to help you meet regulations.

How are Pallets different from Decks? *Pallets are best when: you need full containment; you need to move your containment with a forklift; or you don't have enough floor space to build a modular system.*

All PIG Spill Containment Pallets feature molded-in sumps to catch escaped liquids and keep your storage areas clean and safe. Polyethylene construction resists UV rays, rust, corrosion and most chemicals. Textured grating adds traction and lifts out for easy sump access. Choose from three models to suit your needs.

HEAVY-DUTY PALLETS

The only pallets strong enough to be moved by forklift with drums in place (MUST be strapped down). Engineered for long-term storage of liquids with high specific gravities.

STANDARD-DUTY PALLETS

The perfect blend of strength and savings for everyday drum storage. Holds fully loaded steel or poly drums without sagging.

ECONOMY PALLETS

These pallets may be economical, but they're strong enough to store fully loaded steel drums (not recommended for long-term storage of poly drums).

HELPS YOU COMPLY with 40 CFR 264.175 for storage of hazardous waste

HELPS YOU COMPLY with 40 CFR 112.7 SPCC Regulations

HELPS YOU COMPLY with 40 CFR 122.26 when used as a BMP in a Stormwater Pollution Prevention Plan

PIG ROLL TOP HARDCOVER SPILL PALLETS

Protect your drums and IBCs from the elements with roomy roll tops.

Without containment, your leaks and spills are direct contaminants to the environment. Low-profile pallet with sump catches leaks while keeping drum tops and accessories within reach.

Weather-resistant design prevents contaminants from entering stormwater, and heavy-duty construction allows unit to be lifted by a forklift with drums in place. Polyethylene with UV inhibitors resists UV rays, rust, corrosion and most chemicals. Optional .75" drain plug lets you empty the sump without removing drums or grating. Doors and roll top can be secured with padlock (LCK901 and LCK902 sold separately at newpig.com).

In addition to the roll top, PAK601 features durable swing-out doors on the front for easy loading and unloading. PAK901 and PAK902 have swing-out doors on the front and the back to provide access from both sides. PAK902 provides protected storage and containment for IBCs up to 52"L x 52"W x 53"H.

HELPS YOU COMPLY with regs listed on page 59

RETHINKING FLOOR SAFETY

PIG Grippy Mat & HoofTrax Runners meet ADA requirements where others fall short.

The Americans with Disabilities Act (ADA) states that walking surfaces must be **stable, firm and slip resistant**. If you're still throwing down bulky rubber-backed mats (a.k.a. rental rugs), your floor safety efforts could be non-compliant.

Here are three standards where old-school mats can fall short of compliance:

ADA STANDARD 302.1
Must Be Stable

"A stable surface is one that remains unchanged by applied forces, objects or materials."

We've all seen bunched, rippled and curled floor mats and realize their potential for trips and falls. But they're even more hazardous for individuals using wheelchairs, walkers and other walking aids.

✓ ***Grippy and HoofTrax lay flat and stay flat!***

ADA STANDARD 302.2
Must Be Firm

"If a backing, cushion or pad is used, it must be firm to not increase roll resistance."

The firmer the floor safety solution, the lower the roll resistance. Old-school mats and other rugs with higher-pile construction require more force to propel, turn and roll a wheelchair.

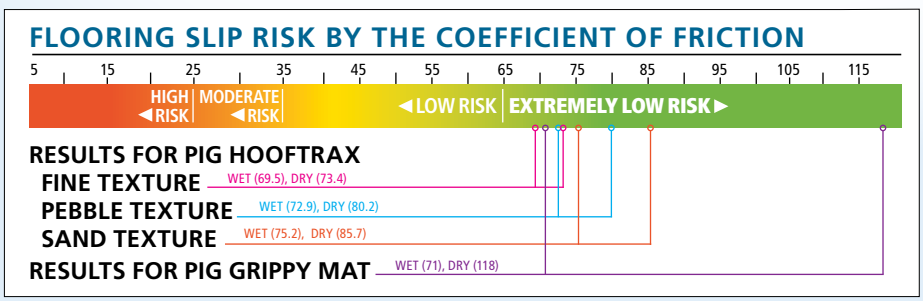
✓ ***Grippy and HoofTrax are incredibly low-profile!***

ADA STANDARD 302.1
Must Be Slip Resistant

"A slip resistant surface minimizes hazards to people with disabilities."

Other floor mats may provide some level of slip resistance, but only PIG goes the extra mile with ASTM testing to back it up. Wet or dry, our mats and runners pass with flying colors for floor safety you can trust.

✓ ***Grippy and HoofTrax are Extremely Low Slip Risk!***



Check out PIG Grippy Mat on pages 6–9

Find HoofTrax on page 10

We don't just say that our mats are extremely low slip risk — we have the data to prove it! We test to the ASTM E303-93R18 standard, and record the average coefficient of friction, under both wet and dry conditions.
